Any additional information you may have about your benefits:

Note: We can only give you information based on what we are told by your insurance company on the day we call. Benefits are always based on your actual coverage on the date of service. Please see the next page for instructions on how you can call and speak directly to your insurance company in order to understand your policy coverage.

To Check on Your Insurance Benefits

If you prefer, you may call and check on your benefits yourself.

Services may be covered in full or in part by your health insurance or employee benefit plan. I work with multiple insurance companies, and we will file a claim with your insurance company. Even if I am not listed on your insurance panel (as an in-network provider), I can usually provide services as an out-of-network provider.

In order to determine if your benefits will cover your counseling services, please call your insurance company and check your coverage carefully by asking the following questions:

- Do I have benefits for outpatient behavioral health?
- Is this provider, Linda Stiles, LCSW, considered in or out of network?
- If out-of-network, does my plan cover services with an out-of-network provider?
- What is my deductible, and has it been met?
- Do I have a copay and/or coinsurance?
- Do any limits apply to the number of sessions that are covered?
- Are any authorizations required?

Once you get this information, we will be glad to discuss your benefits and the ways that we can work with you.
